✓ NEW SCREEN MAGAZINE No. 12. ✓

*One Reel*

**T**HE Screen Magazine is nothing if not instructive. It starts out with a chapter on the reduction of waist-line and the accumulation of pen, and shows how these two can both be accomplished at the same time by judicious exercising. A 'possum hunt is the next thing in order, and of course it is conducted by the race whose other delicacy is chicken. The creation of a fashion, from its nebulous idea to the finished gown, will not interest the men half as much as it does the women in the audience, but the Whoozit Weekly contains entertainment for both sexes. A wonderful view of mountain climbing is next permitted, and we are brought back on the level again with a number of Abe Martin's clever sayings.
